

## ISMS Policy

We at Solutionec are involved in activities of Consulting, Advanced Analytics, Business Intelligence, and Data Management that deliver ambitious and innovative solutions committed to maintaining information security.

To achieve this, we are committed to -

1. Preserve the confidentiality, integrity, and availability of information, assets, process, and facilities.
2. Provide state-of-the-art facilities and infrastructure to govern the physical and technical aspects of information security.
3. Provide training and improve skills and competencies of persons related to information security.
4. Comply with all the applicable statutory and regulatory requirements, continual improvement through measurable objectives.
